**14-008**

### RECORDS RELATING TO THE NORTHERN TERRITORY UNIVERSITY AND PRECEDING INSTITUTIONS (1952-1997)

#### **SERIES GUIDE**

Records of NTU and other material collected by Baiba Berzins and Peter Loveday in researching *A University for the Territory: the Northern Territory University and Preceding Institutions* (1999); arranged in series and described by Berzins on completion of the history project. Some related items have been added to the collection following publication.

The list was updated in 2016 to reflect the transfer of three series from this collection to the NT Library in 2012, the addition of items from later accessions, and collection items that have been noted as missing.

Most of the records described in this Series Guide were transferred to the NTU Library from the NTU Archives in 1994; the provenance of all others is indicated in the series descriptions.

The records have been arranged into series based on physical format or creating agency/individual. Within series, original order has been maintained where it was evident.

Most items in this list have three components to their item number e.g. in Item No 01/05/10:

01 = Series number

05 = Container (box or drawer) number

10 = Item number

Items are individually numbered and each box is labelled with its series and item numbers.
